

THE EXHIBITORS'™
**HAND
BOOK**
Rental

MAXIMIZE THE IMPACT YOU MAKE AT A TRADESHOW,
EVENT OR IN AN ENVIRONMENT WITH A COST-EFFECTIVE,
CONVENIENT RENTAL SOLUTION.

THE EXHIBITORS'™
HAND
BOOK
Rental

THE EXHIBITORS' HANDBOOK OFFERS A COLLECTION
OF RENTABLE OFF-THE-SHELF EXHIBIT KITS, HANGING
STRUCTURES, FABRIC ARCHITECTURAL STRUCTURES,
AND LARGE-SCALE, CUSTOM DESIGNED RENTAL
EXHIBITS AND DISPLAY SOLUTIONS.

TRADESHOW RENTAL

The Exhibitors' Handbook™ makes renting a tradeshow booth simple and hassle-free. We offer a variety of affordable, beautiful rental exhibits and structures of all types and sizes. There are a plethora of options to choose from that are perfect for 10' x 10', 10' x 20' inline and 20' x 20' and larger island spaces.

Time, cost savings and flexibility are key benefits to renting an exhibit.

Renting an exhibit is a cost-effective alternative and provides the opportunity to “try before you buy” so you can evaluate what works best for your event and exhibiting needs. Typically, renting can save 50-70% and allows you the flexibility to change your display for each audience and for each show. Renting can also enable you to appear larger and more impressive than what your budget will allow.

One of the greatest benefits of renting a tradeshow booth is the time you will save! **The Exhibitors' Handbook features out-of-the-box inline and island rental exhibits that are pre-built so the only time investment is in the design and printing of your graphics.**

MADE **EASY**

Easy

The Exhibitors' Handbook rental displays are formulated for easy set up, but when professional installation and dismantle services are preferred, this service can be added to provide an effective turnkey solution. We work with premier installation and dismantle companies, like Sho-Link, that have deep expertise installing and dismantling our exhibit solutions small to large in scale.

Comprehensive

Warehousing, storage and service capabilities are available options for your rental exhibit and event materials out of Chicago and Las Vegas. Several levels of service are available – from simple check-in/out to full setups to support your tradeshow schedule.

From fast, portable, off-the-shelf display rentals to large-scale, customized rental exhibits and structures, The Exhibitors' Handbook delivers the solution you need in the time that you need it.

OFF THE SHELF **RENTAL**

The Exhibitors' Handbook rental display offering is a collection of rental portable, **off-the-shelf** exhibit kits and accessories of a variety of types and sizes, including rentable hanging structures and architectural accessories. Rental exhibit kits combine durable, sustainable hardware with state-of-the-art printed graphics to create displays that look fantastic!

Choose from 10' x 10' and 10' x 20' backwalls and exhibit kits, as well as 20' x 20' island exhibit kits, hanging structures, towers, columns, funnels, archways, counters and more. Easily mix and match to create your ideal display, exhibit or environment or work with us to create a custom solution from scratch.

The Exhibitors' Handbook rental display program is designed to suit your needs, budget and timeline. That's why we offer a multitude of solutions, both customized and out-of-the-box to best align with your tradeshow program.

Sustainability and longevity are critical factors to consider when renting exhibits and structures.

The Exhibitors' Handbook rental displays offering is dedicated to:

- Producing sound and recyclable display and exhibit solutions
- Providing rental display solutions that can be re-used and reconfigured instead of scrapped
- Reducing waste via recycling programs and using recyclable materials in every display we build
- Reducing the use of harmful compounds by investing in eco-alternative production processes
- Partnering with eco-conscious partners and material providers

Our primary goal is to deliver high-quality display solutions that look great, endure a long lifecycle and minimize the impact on the environment.

RENTAL **TRUSS** BACKWALLS & ACCESSORIES

Orbital Express™ Truss System rental exhibits make setup and dismantle simple and easy because they require **NO TOOLS**. Orbital Express Truss rental exhibits feature steel frames and easy twist & lock connectors, stylish lighting and adjustable tabletops (where indicated). Purchased graphic options include magnetic UV printed panels or Velcro fabric graphics.

RENT A **TRUSS** **EXHIBIT**

If you are in need of a bold exhibit that is easy to install and dismantle, look no further. Orbital Express™ Truss rental backwalls, counters and accessories feature steel hardware that goes together easy and with NO TOOLS! Truss lengths connect with simple twist & lock connectors to create a backwall – small to large in size.

- Backwall – **rent**: select the best size and style of backwall for the space
Accents seen in the kits such as lighting and tables are included in the rental.
- Graphics – **purchase**: dress the display with your choice of either Velcro fabric graphics or magnetic UV printed panel graphics (where applicable)
- Accents – **rent**: add accessories such as monitor mounts, literature racks and reception counters to enhance the functionality of the exhibit

Orbital Express™ Truss rental backwalls, counters and accessories feature steel hardware that goes together easily and with NO TOOLS! Truss lengths connect with simple twist & lock connectors to create a backwall – small to large in size.

Tree House Fabric Structure

HYBRID PRO MODULAR KIT 17

R-HP-K-17

Attract visitors and broadcast your brand atop the tall fabric tower structure of this rental exhibit. Hybrid Pro™ Modular Kit 17 features a variety of bells and whistles that make the structure perfect for engagement and demonstrations. Stylish aluminum hardware is combined with white laminate panels, printed rigid graphics and stretch fabric graphics to create a presence on the show floor that will absolutely turn heads!

The tower structure stands 15' 9" tall and sits in a corner of the 20' x 20' space. The purchased curved fabric graphic atop the tower will inform visitors with your brand and message. Three demonstration/work stations provide generous counter space, back-to-back monitor mounts to hold TVs/LCD screens, lots of accessible storage underneath and printed rigid graphics on which to feature your desired messaging. LCD monitors and flooring not included.

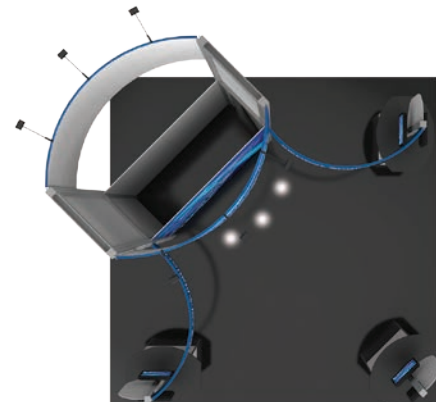

Isometric View

Tower Features:

- top structure features 96" w x 48" h purchased single sided pillowcase fabric graphic
- sides/curved arms feature purchased pillowcase fabric graphics
- base structure features white laminate panels, but can be customized with push-fit fabric graphics
- base structure also features accessible storage 96" w x 36" d; lockable door is on 36" side
- 6 Lumina 200 LED floodlights

Presentation Stations Feature:

- white laminate panel counters 37" w x 36.5" h x 25" d with accessible storage & locking door; vinyl UV graphics are optional for purchase
- counter tops come in black only
- purchased double sided printed rigid graphic wings: 18" w x 49.75" h
- 6 small monitor mounts support monitors 13-39"/max weight 20 lbs

DORADO
R-OR-K-DO1

Make a lasting impression on the tradeshow floor with this organically curved, easy-to-assemble 20' x 20' truss rental exhibit. The unique, flowing design encourages traffic flow and the open floor plan provides plenty of space to add counters, accessories, digital media and collateral materials to boost your brand.

The Dorado truss exhibit stands 11' tall and features a tower structure on each corner. Purchased graphics come in your choice of fabric Velcro or magnetic UV panels. Flooring not included.

Isometric View

Hardware Includes:

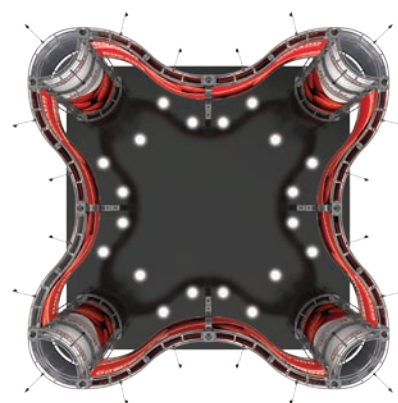

- 36 x 6-way junctions
- 24 x 36" truss lengths
- 12 x 46" truss lengths
- 32 x 45° curved truss lengths
- 24 x 90° curved truss lengths
- full set of quicklock connectors
- 24 Lumina 50 watt spotlights

Graphic Options:

- purchase only, Velcro fabric or magnetic UV panel graphics

Accessory Options Include:

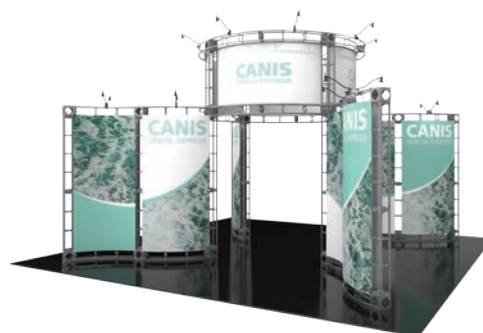

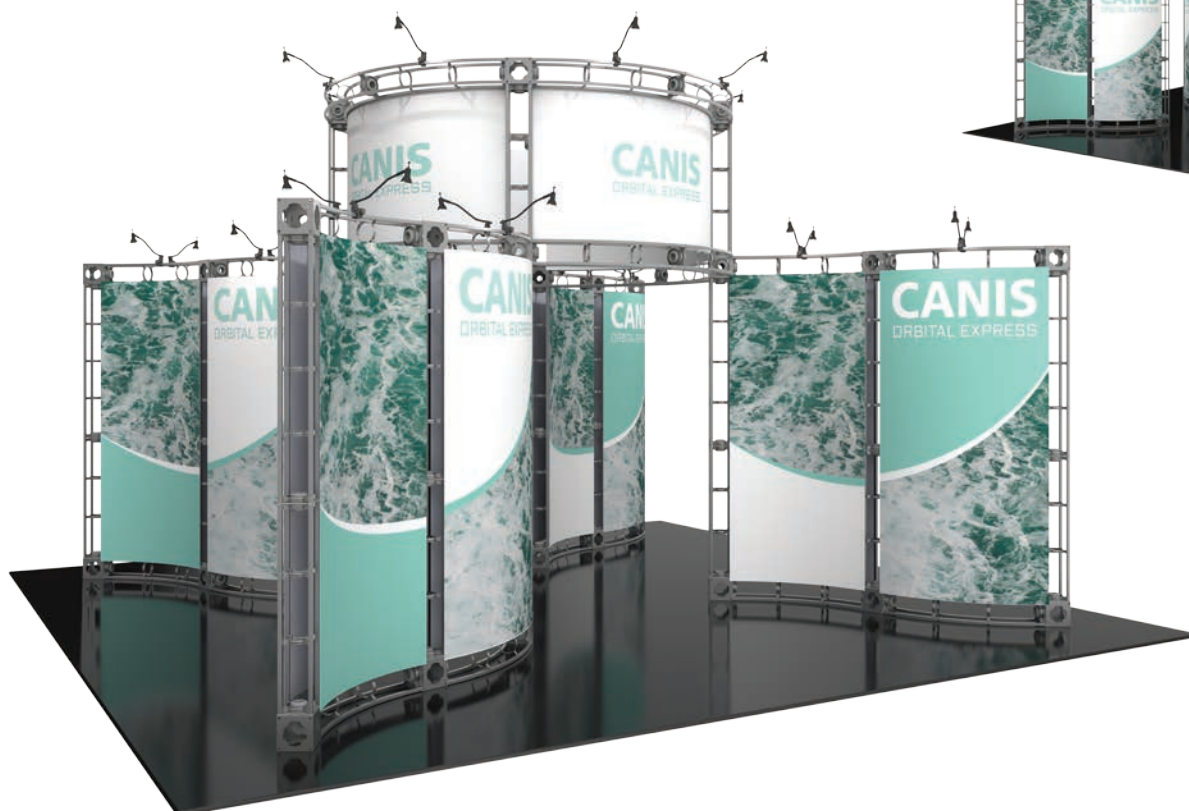

- counter(s), see page 47
- literature holders, see page 48
- monitor mounts, see page 48

Overhead View

CANIS
R-OR-K-CA1

The Canis rental truss exhibit features a central circular structure that rises 11' tall. Sweeping wings create four distinct areas within the space, while an open floor plan invites visitors in and allows for additional accessories and counters to accent the space. Accent lighting illuminates messaging. Canis features over 70 square feet of messaging space on the circular top section, easily seen from across a busy show floor. Below, over 350 square feet of visual messaging area provides the perfect canvas on which to present your brand. Purchased Velcro fabric or magnetic UV panels are available for additional purchase, and are non-rentable. Flooring not included.

Isometric View

Hardware Includes:

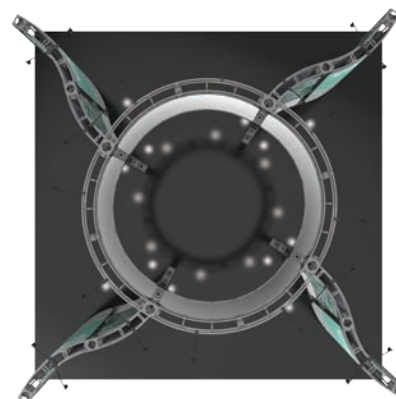

- 28 x 6-way junctions
- 16 x 36" truss lengths
- 12 x 46" truss lengths
- 32 x 45° curved truss lengths
- full set of quicklock connectors
- 24 Lumina 50 watt spotlights

Overhead View

TUCANA

R-OR-K-TU1

The Tucana rental truss exhibit integrates the easy-to-assemble, NO TOOLS required truss pieces into an eye catching formation. The open floor plan provides plenty of space for demonstrations, accessories and product displays. Accent lighting illuminates each structure and featured messaging, drawing the eye in.

With a circular center tower measuring over 11' tall, providing over 40 square feet of messaging space, Tucana draws in visitors and broadcasts your message. Two mirroring structures provide a nearly 300 square feet of visual area, and feature curved designs to attract the eye. Purchased Velcro fabric or magnetic UV panels showcase your desired branding and messaging. Flooring not included.

Isometric View

Hardware Includes:

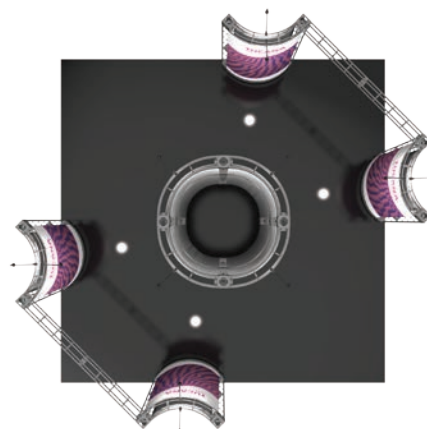

- 28 x 6-way junctions
- 16 x 36" truss lengths
- 16 x 46" truss lengths
- 20 x 90° curved truss lengths
- full set of quicklock connectors

Overhead View

CORVUS
R-OR-K-CV1

The Corvus rental truss exhibit features a captivating, dominating design, created with easy-to-assemble truss pieces. The 15' tall tower broadcasts messaging ensured to be seen from all angles, while an 11' tall tower provides ample messaging space up high and an open meeting space below. Two graphic wings extend from the 15' tower and counter tops throughout the space provide areas for literature or products.

The graphic space on the top of towers totals nearly 200 square feet, while an additional 100 square feet of graphic space is provided by the structures below. Purchased Velcro fabric or magnetic UV panels showcase your desired branding and messaging. Flooring not included.

Isometric View

double deck system | RENTAL

Maximize your real estate with a double deck exhibit and create stylish and semi-private meeting spaces on the tradeshow floor! This engineer-certified exhibit system features heavy-duty aluminum construction, high-strength components and is made in the USA. The secure double deck system is designed for easy setup, requires minimal tools and takes an average of four laborers eight hours to assemble.

Dress the deck with a variety of stretch fabric graphics to create a soft and polished appearance that features your desired messaging and branding. Graphics are sold as a complete kit and as individual pieces. Flooring is not included.

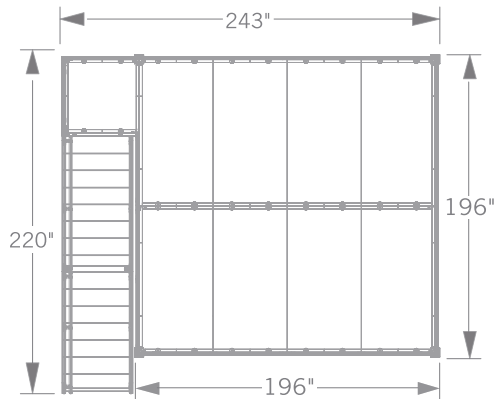

Isometric View

Overhead View

The rental deck system requires a booth space larger than 20' x 20'. Deck hardware includes stairs and railing with texture acrylic infills on staircase. The maximum occupancy on the second floor of the deck is nine persons. Average setup time can be estimated for four laborers for eight hours.

RENTAL **FABRIC** HANGING STRUCTURES

Hanging structures are used to attract and command attention to your tradeshow booth or use as a focal point at an event or in an interior space. A wide variety of three and two-dimensional aluminum tube frame structures are available for rent. With a variety of shapes and sizes to choose from, you're sure to find a solution to draw attention and create a dramatic effect. Rental Formulate™ hanging structures feature lightweight, yet durable aluminum tube frames and connecting cables and rings. Simply select the shape and size of the structure you wish to rent, and then determine the best graphic option for you.

Lightweight, high-quality
anodized aluminum
tube frame

Rented hanging hardware –
cables and rings – included with
every structure

Industry-leading
connection methods
make assembly
nearly effortless

Structures are
Engineered Certified
(certificate available
upon request)

RENTAL **FABRIC** HANGING STRUCTURES

Once you've selected the shape and size of the hanging structure you wish to rent, decide which graphic option(s) best suits your needs. Graphics are made of soft, dye-sublimated stretch fabric and cover the frame like a pillowcase, stretching over the entire frame structure. Zippers are featured on the top of the graphic and provide tension to ensure the graphic fits tightly over the frame.

Fabric printing process provides G7 color-certified, SUPERIOR brilliant and vivid graphics

Purchased tensioned, zippered pillowcase style fabric graphics are easy to slip on and off

All graphics come with an opaque liner

Purchased stretch fabric graphics are hand-sewn, durable and dry-cleanable

Choose from these graphic options:

- blank (white fabric) – **rent**
- single sided print – **purchase**
- double sided print – **purchase**
- bottom panel print – **purchase**

CUSTOM **RENTAL** SOLUTIONS

For many reasons, exhibit rental is an attractive option and can provide flexibility when trying to maximize a budget.

The Exhibitors' Handbook not only offers out-of-the box exhibit kits, counters and accessories, but we can also design a customized rental solution to meet your specific needs. Exhibit designers approach each and every project as an original and incorporate a wide range of aluminum extrusions, laminates, fabrics, media and graphics resulting in exhibits that are unique and reflective of a company's persona. In addition, we can easily incorporate existing display elements, including graphics, furniture, flooring and more if that is what is desired.

Graphics & Fabrics

Graphics are crucial to maximizing the impact of the message and the investment in a tradeshow or event. The material on which the graphics are printed is an essential consideration. We use over 20 high-quality printable materials and fabrics to create dynamic structures, displays and accessories. From rigid materials like wood and textured surfaces to vinyl, PVC (plastics), canvas and flag materials for outdoor use to fabrics such as stretch polyesters, satins, knits, sheers, backlit textiles – we work with you to select the best materials to create the desired impact and feel that will attract the target audience.

Structures & Shapes

Aluminum tube frames

Formed with aluminum bending machinery and skilled welding technicians, Formulate™ aluminum tube frames and structures can be formed into a multitude of custom shapes and configurations to create a big impact.

Customized Deck System

Custom Exhibit

Extrusion/modular systems

Aluminum extrusion-based modular systems maximize cost and provide great flexibility to create unique, functional and customized displays and environments. We offer several modular/extrusion systems that seamlessly integrate into near infinite possibilities that help easily achieve the desired look.

Truss

Steel truss systems and structures are used in many customized display and stage settings to create a big and bold impact! Exhibit truss is easily configured to support a variety of display sizes and applications.

Wood Structures

Custom-crafted and laminated wood display structures and accessories such as cabinets, reception counters, panels and more can be designed and incorporated into any space to provide tailored functionality and appearance.

Radiant Lighting

The perfect balance of structure, graphics and lighting provide a powerful, impactful presence in a display. Illumination is an important piece of the puzzle to achieve the mood, style and staging you desire.

Merging shapes and structures with graphics and dynamic lighting are the first steps in creating vibrant and captivating displays for tradeshow, events and environments.

Fabric Structure for Stage Set

Fabric Exhibit Kit p.33

The Exhibitors' Handbook offers a collection of rental portable, off-the-shelf outdoor tents, flags and signs of a variety of types and sizes. Combining durable sustainable hardware with state-of-the-art printed graphics creates outdoor displays and environments that make an impact.

Outdoor events such as festivals, street fairs, arts and craft shows and sporting events are perfect opportunities to rent promotional tents and signage to clearly display your company name, brand and message to attract visitors and buyers. Choose from off-the-shelf tents and related accessories, flags and portable billboards to make your event a success.

Shown above are the Zoom™ Tent frame and purchased printed canopy, with additional accessories – full backwall and half wall rental hardware and purchased graphics. Also featured is the Monsoon portable billboard and Zoom 04 feather flag.

The Zoom™ Tent opens to a base size of 9.6' x 9.6' with a coverage area that shades five people comfortably. The rental aluminum tent frame is rust-resistant and completely self-contained with no loose parts. The Zoom Tent is great for outdoor fairs, exhibitions, sporting events and arenas, concerts, festivals and more and is strong, solid, stable, wind-resistant and durable. Printed, purchased polyester canopy and accessory graphics are water and UV-resistant, long-lasting and can endure exposure to outdoor elements.

Frame Hardware:

9.6' x 9.6' rental tent frame, stakes, guy ropes & rolling carry bag

RENTAL TERMS

The Exhibitors' Handbook rental program is designed to suit your budget and timeline. That's why we offer a multitude of solutions, both customized and out-of-the-box to best align to your specific needs.

Rental and Purchased Items

All rented structures remain the property of the manufacturer. Display graphics are purchased and remain the property of the purchaser. The renter does not need to return purchased items. Renter agrees to use care in use and handling of the rented items and return rental items in good condition. Damages to the rented structures will be documented, and an explanation of damages will be communicated within 14 days of the rental return. The cost of repairing/replacing rented items will be billed separately.

Rental Period

Standard rental period is 30 days unless an extension is mutually agreed upon. The 30 day period begins at the time of order shipment and rental item availability is not guaranteed until the order is confirmed. All structures and shipping containers are due back, freight pre-paid, by the last day of the rental period.

Late Charges

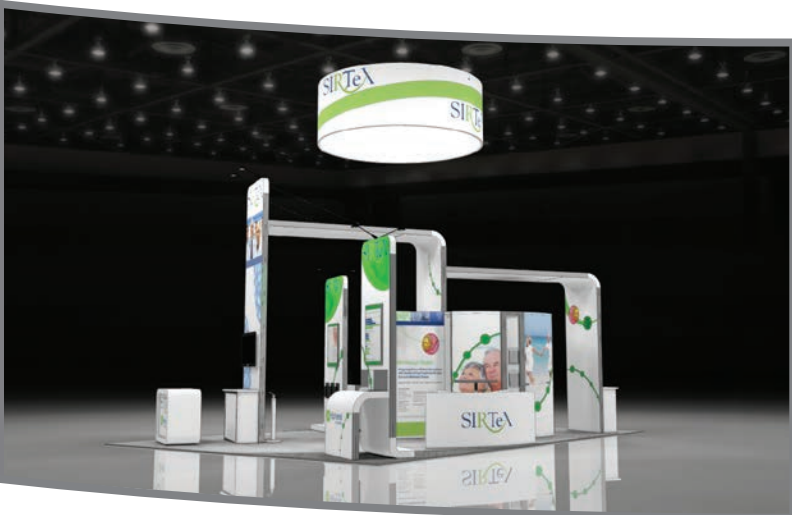

Rental items not returned within 30 days will be subject to a daily late charge.

Shipping Costs

Costs for outbound shipments, parcel or freight, are inclusive on the initial order and invoice. All return shipments must be prepaid by the renter. All rental structures returned collect will be billed at cost plus 20%.

Custom Exhibit Rental p.59

Custom Exhibit Rental p.59

LOGISTICS & SERVICES

Check In

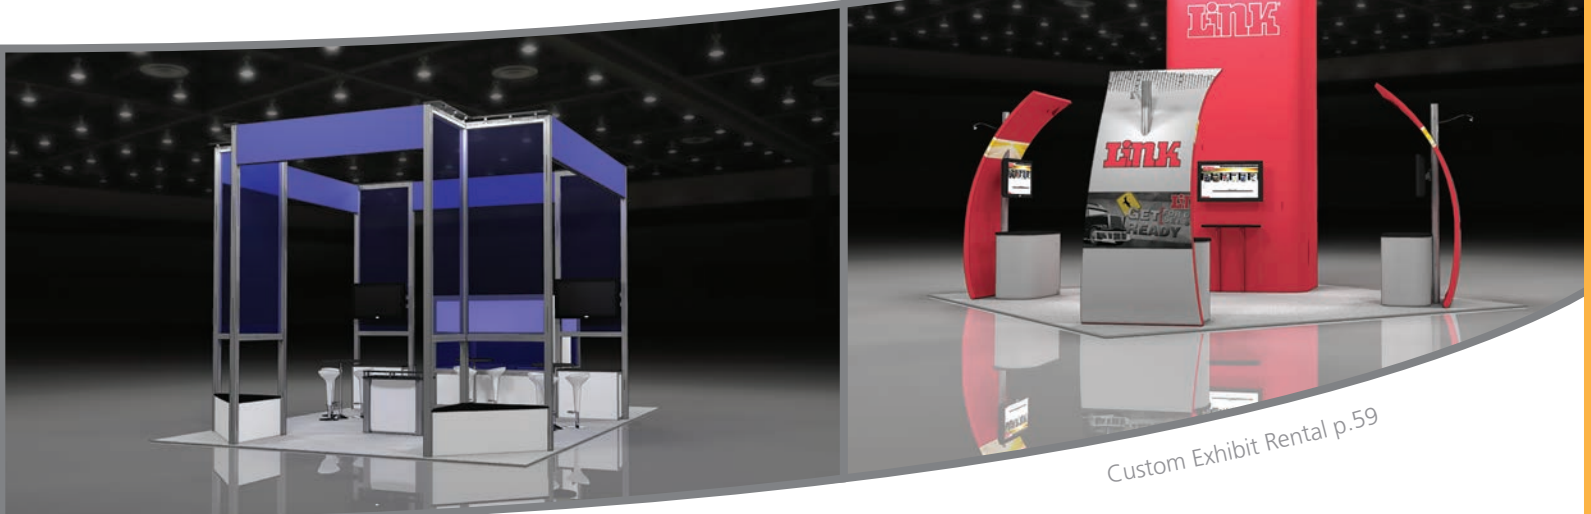

Rental structures returned with client owned items will be charged a fee based on actual time and material cost for packaging and sorting client owned items for return. Graphics removal will be billed at a flat hourly fee. Clients will have the option of storing the items at our facility for a monthly charge or can request the items be shipped to the distributor/client. Pick up for these items must be arranged within 30 days of receipt or the returned items will be considered abandoned and disposed of. In these instances the manufacturer is not responsible for the replacement of any disposed goods.

Purchase

An option to purchase the rental exhibit is available as is a promotion to purchase a new exhibit based off of a rented booth. For additional information on the purchase of a rental exhibit, please contact your sales representative.

Storage & Services

We also offer a variety of service capabilities and storage options from Chicago and Las Vegas and have dedicated service teams to support companies who would like their exhibit material inspected, prepared and/or stored in between shows and events.
